

*The Historical Regency Swinging Bridge across the Colorado River connects Mills County Road 433 with San Saba County Road 137. The closure is a joint decision in the interest of public safety by Mills and San Saba Counties and Texas Department of Transportation. Please plan an alternate route until the bridge is reopened.*

*The Bridge will be reopened once it is determined to be structurally sound by the Texas Department of Transportation engineers OR when necessary repairs are completed.*

*Jason Williams, Commissioner Mills County Precinct 4*
